Dear Commissioners,

As a long time hiker and horseback rider within the Santa Susana Mountain Trails, I am writing to express my deep support for the master plan to connect trails to be maintained by Los Angeles County. These existing trail systems are a major draw for residents, future residents, and visitors to the communities in that area.

We must work to maintain a CONNECTED trail system in order to preserve the wonderful multi-use trails that make these communities so special. Trails must be accessible and connected to other trail systems for them to be useful. We must preserve the integrity of the Santa Susana Mountain areas by allowing communities to access and appreciate the landscape that brought them to the area in the first place.

Thank you,

Katie Robison
